## PEARL MILLET (MAHANGU) GRAIN FLOOR PRICE FOR THE 2021 MARKETING SEASON

The floor price for mahangu is calculated by the Namibian Agronomic Board (NAB) per annum, based on the production cost. This formula used, has been agreed by the organised mahangu producers and mahangu millers, and endorsed by the NAB to safeguard an orderly marketing environment in order to stimulate production and marketing of surplus mahangu grain in Namibia.

Therefore, the NAB is hereby announcing the mahangu grain floor price for the 2021 marketing season, which will commence on 01 June 2021. The floor price to be paid to the producer, **at mill door**, should not be less than:

**N\$5 327.00 per ton**  
 (N\$5.33 per kg)

Floor price 2020	Variance N\$	Variance %
