03 July 2023

Dear Wheat Grain Farmers

SUBJECT: CALL FOR THE SUBMISSION OF THE EXPECTED WHEAT PRODUCTION HARVEST FORM, FOR THE 2023 MARKETING SEASON

In line with Section 10 (1), (J) of the Agronomic Industry Act, 20 of 1992, all producers of controlled agronomic crops in Namibia are obliged to register with the Namibian Agronomic Board (NAB) as a producer or farmers of a controlled product.

Therefore, for the NAB to efficiently and effectively facilitate the marketing of locally produced grain, we hereby invite all farmers who intend to harvest and market wheat grain to registered millers or processors to fill in and submit the expected production harvest form to the NAB, for the 2023 marketing season.

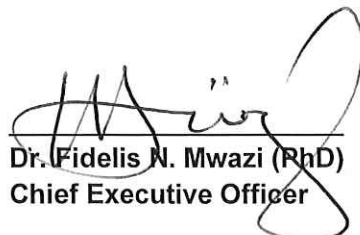

Farmers who have access to internet connectivity can access the expected production form on the NAB website: www.nab.com.na under > downloads > data collection forms, alternatively such forms can be emailed on request. The NAB will also email the expected production form to all the wheat farmers who are already registered with the NAB.

The deadline for submission of the **expected production form** is **Tuesday, 15 August 2023**.

It should further be noted that, in terms of the current grain marketing rules, registered millers and silos are only allowed to buy grains from farmers who are registered with the NAB. Therefore, farmers who will fail to submit their expected production form will not be allowed to sell their wheat grain to registered millers until they submit the form to the NAB.

Should there be any further enquiries, please feel free to contact us, through the above-mentioned contact details.

Kind Regards

Dr. Fidelis N. Mwazi (PhD)
Chief Executive Officer

Our Vision: "A world class regulator of a vibrant, diversified & sustainable crop industry"

Board of Directors:

Mr. Hubertus Hamm (Chairperson)	Mr. Jacob Hamutenya (Member)	Ms. Ruthy Masake (Member)	Ms. Violet Simataa (Member)
